How to Order

Available 24/7, GE HealthCare Service Shop makes ordering supplies online fast and easy.

- Search real-time inventory of compatible, OEM products
- Take advantage of Auto Reorder for parts you buy regularly
- Batch order multiple items at once with Quick Order
- Get instant order and tracking confirmations
- Pay by PO or credit card or integrate your purchasing system

Visit GE HealthCare Service Shop to register.

1. Visit GE HealthCare Service Shop, navigating to the registration link in the upper left-hand corner of the page.

2. Give us your account details. Pro tip: Provide your customer account number for expedited registration.

3. A welcome message will come to you through the email you provide. Start shopping!

Register now at ServiceShop.GEHealthcare.com

Other ways to order:

Phone: (866) 281-7545 Options 1, 2, 1, 2

Fax: (877) 279-6990

Email: gehcaccessorysales@ge.com

EDI: Free – contact us for details

Hours: 7AM – 6PM (CST)

Uninterruptible Power Supplies

Uninterruptible Power Supplies (UPS)

- Helps provide reliable, clean, consistent power for Diagnostic Imaging and PACS systems

- Helps to eliminate power anomalies (noise, transients, over and undervoltage), which could damage the system's sensitive computer components

- Enables the DI system to complete scanning after the loss of supply power and allows for the saving of valuable data and orderly system shutdown

- GE HealthCare tests and approves the UPSs listed in this catalog for compatibility with GE HealthCare Diagnostic imaging systems. All solutions are On-Line Double Conversion UPS.

- Configurations are available to support multi-modalities or even complete departments

Transformer

Transformer

• Meets or exceeds DOE 2016, NEMA TP-1, NEMA premium and DOD CSL-3 efficiency requirements

• Qualified to the seismic requirements of ASCE7.05, IEEE-693-2005 and IBC-2006

• UL Listed

Cat#	Description	Warranty
E4500TB	112.5 kVA Step Up Transformer – 208-480Y/277 Volt	Y

C See Power Quality Compatibility Guide on page PS 11-15

Dynamic Sag Corrector

Dynamic Sag Corrector (DySC)

- Corrects for voltage sags at the system, department or facility level

- DySC is optimized for fast sag detection and response time (voltage detect time of 1 ms; sags are corrected with a peak voltage response time of 1.5 ms)

- A green power solution at > 99% energy efficiency, the DySC has no batteries and over time can offer lower cost of maintenance

- Smaller footprint and lighter weight than comparable (kVA) UPS systems

- Service Contracts offered by GE HealthCare

E4505SM/E4505SN

Cat#	Description	Warranty
E4505SJ	200 Amp (166 kVA) ProDySC Dynamic Sag Corrector (without installation)	Y
E4505SM	200 Amp GT (166 kVA) ProDySC Dynamic Sag Corrector (without installation)	Y
E4505SK	400 Amp (333 kVA) ProDySC Dynamic Sag Corrector (without installation)	Y

Main Disconnect Panels

Main Disconnect Panels

• Main Disconnect Panels provide emergency shut down, undervoltage protection, overcurrent protection, OSHA lockout tag provisions, and serves as a local disconnect for the GE HealthCare Diagnostic Imaging System.

• Helps reduce installation time by providing a single-point power connection, eliminating the need to mount and wire a number of individual components

• Standardized design and testing helps ensure high product quality and system reliability

• UL and cUL listed for compliance with National Electric Code

• Surface or semi-flush mounting

• Please consult your GE HealthCare Field Engineer to determine if this is the appropriate product for your needs before purchasing

AC Lighting Controllers

AC Lighting Controllers

- "X-ray in Use" warning and room lighting control panel provide a low voltage interface between the "X-ray in Use" warning lights, interior room general lighting systems and the X-ray system
- Convenient, push on/off pre-wired footswitch for control of room general lighting
- Enhances servicing safety by the use of a low voltage interface circuit between the imaging system and the line voltage lighting system

Power Quality Analyzer

POWERSIDE PQube 3 Power Quality and Environmental Analyzer

PQube® 3 is an instrument for monitoring electric power systems and environmental conditions, designed to help solve problems that impact the quality and reliability of the medical equipment.

- Records disturbances on the modality supply: sags/dips, swells, interruptions, frequency variations, impulses, and waveform events
- It also records power quality parameters like flicker, unbalance, current and voltage THD (harmonics) and current and voltage harmonics (THD, TDD)
- Implementing a POWERSIDE PQube 3 in your facility will help identify your power anomalies and degradations. Once identified, we can help you find a power solution to solve problems that impact the quality and reliability of your medical equipment.

Save time. Order accessories online with Service Shop.

Auto-Reorder

○ Auto-Reorder

[Every 3 Months ▾]

Set quantity, schedule frequency

Customize the quantity and order frequency that works for you.

🛒 Add to Cart

Add to cart

It's that easy. Your first order has been placed. The product will be auto-delivered at your preferred delivery frequency.

Manage reorders

In advance of each delivery, we will send you a reminder email for your upcoming delivery. Skip your deliveries or cancel your subscriptions at any time.

Quick Order

Know what you need to order? Batch order multiple items at once with Quick Order on Service Shop. Enter a list of item numbers or paste from an excel spreadsheet, select quantity and add to cart. Spend less time ordering!

Payment Options

Pay by PO or credit card or integrate your purchasing system.

Register now at ServiceShop.GEHealthcare.com

1. Visit GE HealthCare Service Shop, navigating to the registration link in the upper left-hand corner of the page.

2. Give us your account details. Pro tip: Provide your customer account number for expedited registration.

3. A welcome message will come to you through the email you provide. Start shopping!

Specifications

• All specifications are subject to change without notice

• The product and brand names herein are the trademarks or registered trademarks of their respective owners

Pricing

• Please call to obtain current pricing. All pricing and product availability is subject to change without notice

• Price invoiced will be the price in effect at the time of order entry

• Quotations available upon request

Blanket Purchase Orders

You can save time and money by ordering your consumable products with our Blanket Order program. Blanket orders must be scheduled for a year or more and a signed purchase order agreement must be on file. Contact us for additional details.

Restocking Fee

• Returns are subject to, but not limited to, a minimum 15% restocking fee

• Certain items, such as sterile and environmentally controlled products within this catalog, are non-returnable and nonrefundable unless defective and have been noted as such

Product Returns

• Immediately upon receipt, please inspect all deliveries for order accuracy and condition

• For products shipped in error, please obtain return authorization from the Accessories and Supplies Call Center within thirty (30) days of delivery

• Power Quality items are nonreturnable and nonrefundable
