

GE Healthcare

# What's good for Olympic athletes is good for your patients.

## Signa HDe

Olympic athletes should be treated with world-class orthopedic scanning technology. That's why two Signa® HDe MR scanners were purchased for the 2008 Olympic Games in Beijing. GE Healthcare is proud to support the best athletes in the world with this exceptional technology.

Give your patients world-class care with Signa HDe, the accessible and affordable solution to MR imaging. Call a GE Healthcare Sales Representative at 866 281 7545 with reference code MR08014 or visit [gehealthcare.com](http://gehealthcare.com).
