

WE HAVE IMPROVED OUR SUPPLEMENT MATERIALS PROCESS!

In an effort to better meet your needs, we have combined the program supplement and post-test into one PDF file. The test is located in an appendix at the end of the program supplement.

There are two ways to display the Program Supplement and Test PDF file for this program:

1. Click this link: [Tracer Methodology: Its Impact on Departmental Assimilation](#)
2. Close this file and click the Supplement link on this program's GE Healthcare Education web page.

Thank you for choosing GE TiP-TV for your continuing education needs.

Publication Date: April 6, 2006
