

It's easy to stay well-stocked.

GE-Nemoto Dual-Shot CT injector supplies

The supplies you
need with one call

GE-Nemoto Dual-Shot CT injector supplies brought to you by GE Healthcare.

Ensure your facility gets maximum benefit and efficiency from your GE-Nemoto Dual-Shot CT injection system when you let GE Healthcare help you stay stocked with syringes and supplies. We'll work with you to select the appropriate products, create a blanket purchase order or schedule regular deliveries of the supplies that you require.

We'll provide your injector supplies with one call.

- **Syringe packs** – The supplies you'll need for an exam. Options include single and dual packs with y-tubing and the filling option of j-tubes or spikes.

- **Single syringes** – Single syringe packs and individual syringes available for contrast only exams or as spares. Our plunger style syringes provide the option of off-line filling of syringes – allowing gains in productivity.

- **Other supplies** – For most setups, applications or spare equipment requirements, GE offers the supplies you need for the GE-Nemoto Dual-Shot CT injector.

Ordering is simple. Choose the method that's most convenient for you.
