

# Education at work. It pays off.

## Nursing Library of Online Education

### Online, anytime, anywhere education.

Many presentations by nationally known nursing experts based on the latest scientific research and current best practices. Realize the many benefits of attending a conference without leaving home. Increase your focus on education to help support a culture of life-long learning and nursing excellence. The Nursing Library of Online Education provides the opportunity to learn and receive continuing education credit to help meet education requirements for certifications and licensure.

Easily accessible online courses are flexible and cost-effective.

GE Healthcare's Nursing Library is continuously updated with new courses and new content. The current Library contains the following courses:

- Acid/Base Balance
- Arrhythmia Recognition
- Assessing Ventilation and Blood Flow with Capnography
- Chest Drainage Primer
- Critical Thinking and the Use of Evidence-Based Practice
- ECG Interpretation: Module 1
- ECG Interpretation: Module 2 Sinus and Atrial Rhythms
- ECG Interpretation: Module 3 Junctional and Ventricular Arrhythmias
- Identification and Management of the Patient with Sepsis
- Ventilation Strategies
- Investigating Blood Tissue and Tissue Donation
- Competition & Strategy in Healthcare
- Coping with Life Changes and Transitions in Our Professional Lives
- Customer Economy
- Grand Rounds: Infectious Diseases, Current Issues
- Lean Six Sigma in Healthcare
- Performance Quality & Service
- Stress Management: Proven Techniques for Leaders

## Nursing education. When and where you need it.

The GE Healthcare Learning System gives you the flexibility to complete programs when it's most convenient for you. Our web-based programs are available 24 hours a day, seven days a week. You can also access reports of program completion and continuing education credit, enabling your facility to provide staff education documentation to help meet the standards set by The Joint Commission and other accrediting groups.

The Nursing Library is available as a one-year subscription to the GE Healthcare Learning System. Your subscription provides unlimited access to the Nursing Library for all the healthcare professionals at your facility.

**Contact us** today to find out more details on how you can get started with this exciting educational opportunity.

For more information on the Nursing Library call [1-877-438-4788](tel:1-877-438-4788) or visit [www.gehealthcare.com/nursinglibrary](http://www.gehealthcare.com/nursinglibrary)

## About GE Healthcare

GE Healthcare provides transformational medical technologies and services that are shaping a new age of patient care. Our broad expertise in medical imaging and information technologies, medical diagnostics, patient monitoring systems, drug discovery, biopharmaceutical manufacturing technologies, performance improvement and performance solutions services help our customers to deliver better care to more people around the world at a lower cost. In addition, we partner with healthcare leaders, striving to leverage the global policy change necessary to implement a successful shift to sustainable healthcare systems.

Our "healthymagination" vision for the future invites the world to join us on our journey as we continuously develop innovations focused on reducing costs, increasing access and improving quality and efficiency around the world. Headquartered in the United Kingdom, GE Healthcare is a \$16 billion unit of General Electric Company (NYSE: GE). Worldwide, GE Healthcare employs more than 46,000 people committed to serving healthcare professionals and their patients in more than 100 countries.
