

Count on GE for Continuing Education

Take advantage of TiP-TV™ satellite broadcasts and TiP-TV OnDemand online courses

TiP-TV satellite broadcasts and TiP-TV OnDemand online courses offers more than 100 continuing education courses each year with credits available for physicians, nurses, medical imaging professionals, physician assistants, pharmacists and other healthcare professionals (includes CME, CNE, ACPE, ASRT, SNM, SDMS). Program content is provided by GE Healthcare, Mayo Clinic, Duke University, the CDC, FDA, NIH and others.

Courses cover more than 40 clinical specialties:

- Cardiology
- Gastroenterology
- Infectious Disease
- Internal Medicine
- Mental and Behavioral Health
- Neurology
- Oncology
- Patient Safety
- Pharmacy
- Radiology & Imaging
- Women's Health

Two formats: satellite broadcasts and online courses

- Broadcasts air several times on your hospital's designated TiP-TV channel
- Many courses are also available online through TiP-TV OnDemand
- Record broadcasts and watch the videotape at a later time (some third party broadcasts do not allow videotaping)

Healthcare Learning System (HLS)

- <http://hls.gemedicalsystems.com>
- Take online courses
- Earn credit for broadcasts and online web site courses for Computed Tomography, Magnetic Resonance, Nuclear Medicine/PET, Ultrasound, X-ray and X-ray Mammography courses (all GE medical imaging programs)
- Print certificate immediately upon completion
- CE information forwarded to the ASRT electronically for ASRT members
- Track staff training histories

Course schedules and descriptions

- Sort and print broadcast schedules by credit type, audience, disease state or specialty online: http://egems.gehealthcare.com/broadcast_wizard/index.jsp
- Weekly email with new and upcoming courses
- Printed calendar and program fliers mailed bimonthly in the TiP-TV Coordinator Toolkit (also downloadable online)
