Friday:
8:30 a.m. - 12:00 p.m. (PST)
Maximum Attendees: 2
CE Credits Offered: To be determined

Location

Seattle Radiologists, Inc.
1229 Madison Suite 900
Seattle, WA 98104

Fly to

Seattle/Tacoma Airport (SEA)

Target Audience

This course is designed for MRI Technologists who want to increase their working knowledge using the latest GE Signa® 1.5T or 3.0T platforms.

Objectives

Upon completion of this course participants will be able to:

- Perform Neuro (including fMRI), Cardiovascular, Body, Breast, and MSK imaging.
- Post process fMRI, Angiography, and Spectroscopy image data.
- Work with the latest GE Signa user interface and surface coils.
- Do routine and advanced imaging using pulse sequences such as TRICKS, COSMIC, and MERGE.

Course Overview

A comprehensive MRI training program in Neuro, Cardiovascular, Body, Breast, and MSK imaging. The course will cover routine and advanced pulse sequences using the latest GE Signa platform. The course will be in a working environment with an experienced MR Technologist. Post processing sessions will also provide hands-on experience on the Signa® operating consoles and the Advantage Workstation units.

About Seattle Radiologists

Seattle Radiologists, APC, is a full-service outpatient diagnostic imaging center located on First Hill Campus in Seattle, Washington. The center's dedication to service and patient care are what patients have come to expect for over 45 years. The site utilizes the most advanced imaging equipment in state-of-the-art facilities along with world-class, board certified, and fellowship-trained radiologists, as well as compassionate and dedicated staff. Seattle Radiologists is committed to providing the highest quality, state-of-the-art diagnostic and therapeutic radiological services for patients and their health care providers.
