

Your single source for multi-vendor diagnostic imaging parts

When your system is down, you can't afford to wait for parts. You want access to expansive inventory. Cost savings. And a reputable partner you can trust.

Now GE Healthcare opens its inventory of used multi-vendor parts to you. Choose from Philips, Siemens, Toshiba and others.

Count on GE for:

Expansive inventory

GE services more than 14,000 multi-vendor systems in the U.S. alone. We draw from our growing inventory of 10,000+ parts to timely serve healthcare providers. Our leadership is your advantage.

Cost savings

You'll find our prices are competitive. That's because GE leverages its size and expansive buying needs to bring you lower costs. Request a quote and see for yourself how we can work for you!

A reputation you can trust

Take advantage of GE's reliable parts under warranty. They're delivered fast through GE's highly-regarded network.

For countless years, healthcare providers have trusted GE's world leadership for all their multi-vendor imaging parts.
