# GE Women's Health and Wellness Tour

Harbour Pointe Village Shopping Center

Friday, May 12 2 – 7 p.m.

Saturday, May 13 9 a.m. – 5 p.m.

Chesterfield Imaging Center is partnering with GE to present the GE Women's Health and Wellness Tour to educate women about the importance of disease prevention and early detection.

This national, mobile tour, contained within two custom-designed vehicles, is fully equipped with the latest, state-of-the-art clinical technology to offer education for women regarding breast cancer, cardiovascular disease, osteoporosis and other health issues.

Attendees will have the opportunity to tour the vehicle's Breast, Bone and Heart Suites and to learn more about mammograms, and to attend fun and informative fitness and cooking demonstrations.

In addition, HCA Health Drive staff will provide blood pressure, pulse, bone density and other screenings.
