GE Temperature Cables

Easy connection. Accurate measurements.

GE temperature cables support disposable and reusable temperature probes used with GE monitoring systems.

Product compatibility
GE temperature cables are tested and verified with the following GE equipment:
• CARESCAPE™ Monitors B450/B650/B850 with CARESCAPE Patient Data Module, E-PSMP and E-PT
• B105/B125 patient monitors
• B20/B40 and B20i/ B40i patient monitors

Accessories simply compatible with your equipment.
You can trust GE Healthcare accessories to keep your clinical devices working efficiently.
• One contact point for expert advice
• Simplified ordering process
• Fast delivery
• Quality support at every step
