

How can you streamline finding clinical accessories and parts?

SAVE TIME

Service Shop is your online shopping resource for GE compatible accessories and parts

Time is valuable when it comes to patient care. Sourcing accessories and parts from multiple vendors is costly and time-consuming. Service Shop, from GE Healthcare, makes ordering faster and easier than ever before, so you can focus on what matter most-patient care.

With Service Shop ecommerce you no longer need to call to place an order, check inventory levels or on the status of your order. More than 80,000 accessories and parts are available in our live database which includes product specifications, descriptions, images and equipment compatibility.
