

## THE PRECISELY CONNECTION

Conversations at the frontier of Patient Deterioration & Artificial Intelligence

### FEATURED ARTICLE

#### **When Should you Recommend an ECG for a COVID-19 Patient?**

As COVID-19 continues to affect the public, healthcare providers are routinely modifying care pathways to provide better treatment for individuals with the infection. ECG is a critical part of the process, but ensuring this diagnostic exam is as accurate as possible can present a challenge, especially if the COVID-19 patient is in respiratory distress.

## PARTNERSHIP WITH A PURPOSE

### **Implementing Digital Health Solutions Amid COVID-19**

GE Healthcare and Roche recently sponsored a webinar on the topic of COVID-19 and Digital Health Care Resources. The panel included Stacey Johnson, MD, vice president and chief medical information officer Baptist Health; John Beaman, chief business officer at Adventist Health; and Jeff Hersh, MD, PhD, chief medical officer for GE Healthcare Systems. This featured post highlights the key Q&A's from the conversation.
