Anesthesia Delivery Systems

Product	Name of Session	Pre-req	Duration	Level	Course Description
Avance CS2	Avance CS2 Anesthesia Delivery System	n/a	60 min	Clinical End User	An introduction to the features and operation of Avance CS2 anesthesia delivery system
Avance CS2	Avance CS2 Anesthesia Delivery System	n/a	60 min	Anesthesia Tech and Biomed Engineer	This course is designed to give the anesthesia tech and biomed engineer a clinical perspective of the Anesthesia Delivery System. Content is geared to the anesthesia tech and the biomed audience
Aisys CS2	Aisys CS2 Anesthesia Delivery System	n/a	60 min	Clinical End User	An introduction to the features and operation of Aisys CS2 anesthesia delivery system
Aisys CS2	Aisys CS2 Anesthesia Delivery System	n/a	60 min	Anesthesia Tech and Biomed Engineer	This course is designed to give the anesthesia tech and biomed engineer a clinical perspective of the Anesthesia Delivery System. Content is geared to the anesthesia tech and the biomed audience
Carestation 600	Carestation Anesthesia Delivery System	n/a	60 min	Clinical End User	An introduction to the features and operation of Carestation anesthesia delivery system
Carestation 600	Carestation Anesthesia Delivery System	n/a	60 min	Anesthesia Tech and Biomed Engineer	This course is designed to give the anesthesia tech and biomed engineer a clinical perspective of the Anesthesia Delivery System. Content is geared to the anesthesia tech and the biomed audience
Aestiva MRI	Aestiva MRI Anesthesia Delivery System	n/a	60 min	Clinical End User	An introduction to the features and operation of Aestiva MRI anesthesia delivery system.

	Product	Name of Session	Pre-req	Duration	Level	Course Description
Patient Monitors & Central Stations	Carescape Monitors (Bx50)	CARESCAPE Monitors B450, B650, B850 (Part 1 of 2)	n/a	60 min	Clinical End User	An introduction to the features and operation of the Carescape Bx50 Patient Monitors.
	Carescape Monitors (Bx50)	CARESCAPE Monitors B450, B650, B850 (Part 2 of 2)	CARESCAPE Monitors B450, B650, B850 Part 1	60 min	Clinical End User	An introduction to the features and operation of the Carescape Bx50 Patient Monitors.
	Carescape Monitors (Bx50) Introduction to Biomed	Clinical Overview of Carescape Monitors B450, B650, B850 Bedside Monitors: Introduction to BioMed	n/a	60 min	Biomed Engineer	This course is designed to give the biomedical engineer a clinical end user perspective of the monitor.
	Dash 3000/4000/5000	Dash Patient Monitors (Part 1 of 2)	n/a	60 min	Clinical End User	An introduction to the features and operation of the Dash Series Patient Monitor
	Dash 3000/4000/5000	Dash Patient Monitors (Part 2 of 2)	n/a	60 min	Clinical End User	An introduction to the features and operation of the Dash Series Patient Monitor
Ventilation	CARESCAPE R860 Ventilator	Ventilator Introduction	n/a	60 min	Clinical End User	An introduction to the features and operation of CARESCAPE R860 Ventilator
	CARESCAPE R860 Ventilator	Modes of Ventilation	n/a	60 min	Clinical End User	An introduction to the CARESCAPE R860 Ventilator modes, mode features, & mode adjuncts.

	Product	Name of Session	Pre-req	Duration	Level	Course Description
Modules	E-MiniC/E-SCO	Single -Width Airway Module - E-mini C or E-SCO	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-mini C or E-SCO Gas Module.
	E-BIS	BIS Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-BIS module.
	E-NMT	NMT Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-NMT module.
	E-COP/ Cardiac Output	Cardiac Output Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-COP module/Cardiac Output licensing.
	PDM	CARESCAPE Patient Data Module	n/a	30 min	Clinical End User	An introduction to the features, operation, and function of Patient Data Module.
Advanced Training & Algorithms: Anesthesia	Spirometry	Spirometry	n/a	60 min	Clinical End User	A basic overview of the clinical application of spirometry feature available with the Aysis CS2, Avance CS2, and Carestation 600 Series
	Advanced Modes of Ventilation	Advanced Modes of Ventilation	n/a	60 min	Clinical End User	An advanced overview of the variety of ventilation modes available with Aysis CS2, Avance CS2, and Carestation 600 Series
	EcoFLOW	EcoFLOW	n/a	60 min	Clinical End User	This course is designed for the user to understand the concept and application of EcoFLOW, as well as it's economical, ecological and clinical benefits.

	Product	Name of Session	Pre-req	Duration	Level	Course Description
Advanced Training & Algorithms: Ventilators	CARESCAPE R860 Ventilator	Metabolics	n/a	60 min	Clinical End User	An introduction to the CARESCAPE R860 Ventilator Metabolic advance feature.
	CARESCAPE R860 Ventilator	Functional Residual Capacity (FRC)	n/a	60 min	Clinical End User	An introduction to the CARESCAPE R860 FRC advance feature.
	CARESCAPE R860 Ventilator	Spirometry & Spirodynamics	n/a	60 min	Clinical End User	An introduction to the CARESCAPE R860 Spirodynamics advance feature.
Ask an Expert	Ask an Expert	n/a	60 min	Clinical End User	This course is designed to be highly interactive and to provide the user with customized-information about the requested topic.
