

GE Healthcare

BiliSoft™ Disposable Pad Covers and Pad Nests

Intensive therapy, as easy as wrapping a baby in a blanket

The BiliSoft Pad Covers and Pad Nests are designed for use with the BiliSoft Phototherapy Systems, which are used to treat both premature and full-term infants for hyperbilirubinemia.

Features

- Ultra-soft, cushioned, disposable BiliSoft covers are made of flame-retardant, skin-friendly fabric
- Available in small and large sizes to match the size of the light pad
- Materials used are engineered to allow therapy light to pass through the fabric
- Covers are x-ray compatible

**Our equipment.
Our accessories.
Simply compatible.**

You can trust GE Healthcare accessories and consumables to keep your clinical devices working efficiently.

- Simplified ordering process
- Fast delivery
- One contact point for expert advice
- Quality support at every step
