

Versana Premier™

Care with Confidence

Introducing Versana Premier

Powerful. Versatile. Productive.
World-class ultrasound designed for peace of mind.

The Versana Premier™ ultrasound system can help you deliver high-quality OB/GYN care, patient after patient, day after busy day.

A wide variety of probes and clinical features specifically for OB/GYN let you provide quick and comfortable exams, see clearly, and diagnose a broad range of conditions.

-  World-class imaging
-  Essential OB/GYN probes
-  Smart clinical features
-  Intelligent automated productivity tools
-  Clinical and product education
-  Expert service and technical support
-  Flexible financing options
-  Access to a network of Versana users

+ Versana Premier

is part of the Versana ultrasound family: complete solutions that help empower care without compromise, balancing capability, affordability, and reliability.

A partner you can trust

Take your OB/GYN practice to new levels of excellence

+ World-class imaging technology

Versana Premier delivers outstanding imaging power and clarity to boost diagnostic confidence. It helps you see clearly, differentiate between tissues, and delineate structure boundaries. You'll enjoy proven functionalities found on advanced GE systems.

CHI and SRI-HD for penetration and reduced image speckle.

Sensitive color Doppler to visualize endometrial health, three-vessel umbilical cord, nuchal cord, and fetal heart status.

Gynecological imaging for uterine and endometrial health.

Abdominal circumference measurement on a 2nd trimester OB exam using SonoBiometry for automated fetal measurements.

Versana Premier. Powerful. Versatile. Productive.

+ Comprehensive service and support for peace of mind

GE delivers flexible, worry-free, multi-year coverage. It's your assurance of long product life, high uptime, maximum patient volume, and strong return on investment:

- Expert service engineers always close by
- Simple maintenance; easy troubleshooting and repair
- InSite™ service technology for fast remote diagnostics and repairs

+ Decades of GE Healthcare heritage at your service

Invest in Versana Premier and benefit from vast GE expertise in OB/GYN ultrasound. It's designed with you, your practice, and your patients in mind to meet your clinical, workflow and connectivity needs.

A complete solution

Advanced OB/GYN capability, clinical education, and financing to fit your budget

+ Versatile system, simple to use

Multiple exam protocols and OB/GYN applications help you diagnose a wide spectrum of patient conditions. Intuitive automated tools streamline workflow.

Use **Whizz** dynamic image tuning continuously optimizes the image as you scan, even as you move from one organ or area to another

Use a **growth chart** to record fetal growth data and **Fetus Growth Trend** to track fetal development

Compare current and prior exams side-by-side with the **Follow-Up Tool**

Place calipers automatically with **SonoBiometry**, to get measurements quickly with standardization

Use **Tomographic Ultrasound Imaging (TUI)** to assess slices within a volume

Use **TruScan** to review and analyze images after exams at your convenience

Customize automated protocols with **Scan Assistant**

Use **3D volume** imaging for rich anatomical views

Network options let use the cloud¹ to share images with other clinicians or patients²

Flexible financing choices to enhance return on investment

Financing plans including monthly payments help you meet your financial goals and grow your practice.

+ Ergonomic features for clinician and patient comfort

Height-adjustable console

Large full HD display

Touch panel

Articulating monitor arm

Gel warmer

Optional integrated battery

Versana Premier. Powerful. Versatile. Productive.

+ Sharpen your skills and stay ahead of the curve

- Scan Coach: 3D animation, anatomic illustrations and reference images
- My Trainer: on-board help with system care, setup and operation
- Web-based product and OB/GYN clinical tutorials
- Local face-to-face training and remote application support

An opportunity for growth

Ultrasound to serve you well today and set your course for the future.

+ Experience the strength of the GE Healthcare family

Your support team is fully trained & GE Healthcare qualified, deeply experienced, and close by.

- Expert support during and after purchase
- In-depth product instruction
- Remote or on-site technical, clinical and network support

+ Customized solutions and path to growth

Help your practice grow with Versana Premier. You can select a basic package, with the option to add more probes and software. Or let GE experts help select another system to suit your needs.

+ Versana Club: Learn. Network. Share.

The Versana Club gives you access to member resources members that can help expand your ultrasound knowledge and improve your OB/GYN practice. It's a place to share images with your peers from around the world.

You'll also enjoy:

- Educational offerings
- Web-based video tutorials
- Information on Versana family service solutions and products
- Up-to-date content on ultrasound and patient care
- Notices of regional ultrasound events and other news

Versana Premier. Care with Confidence.

Powerful. Versatile. Productive. World-class ultrasound designed for peace-of-mind.
