

# Vscan\* Activation Instructions

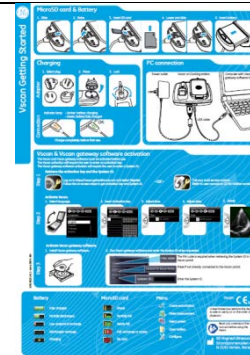

Thank you for becoming a Vscan owner.

Please follow the steps outlined below to complete the activation process and begin using your product. If you should have any issues or concerns, please feel free to contact your local service representative for support.

**1. Locate the “Vscan Getting Started” guide:**

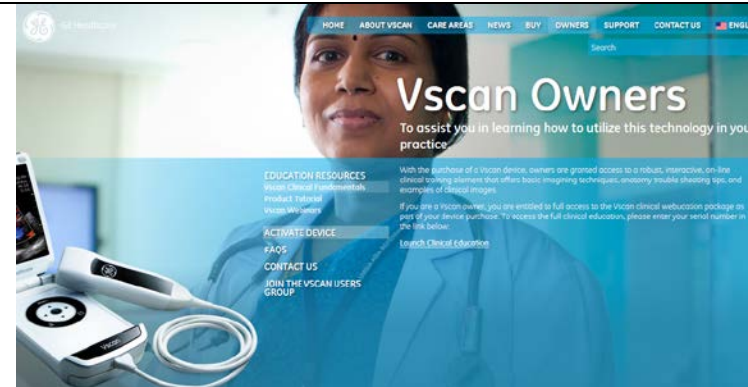

Before you begin the process of activating your Vscan device or gateway software, please locate the “Vscan Getting Started” guide. This double-sided quick reference guide can be found in a white envelop in the box that contained your Vscan product. After locating the “Vscan Getting Started Guide”, please follow the initial steps for activation.

**2. Access the Vscan portal:** Once you are instructed to visit the Vscan portal, please navigate to the following URL:

<http://vscan.gehealthcare.com>,

**3. Navigate to the activation form:** You may navigate to the activation form by either selecting the “Register” link from the Home screen of the Vscan portal or by selecting “Activate Device” from the Owners screen of the Vscan portal.

\* Trademark of General Electric Company

**4. Complete the activation form:** Before you start filling the form, make sure you have the **serial number** of the device and the **PIN number** retrieved from the gateway software (If you want to activate the gateway software and the device at the same time).

**NOTE:** The Vscan Gateway software PIN is displayed within the Vscan gateway software on the second screen of the activation wizard. The Vscan serial number can be found on the label on the back of the device or on the key entry screen.

When you are ready to begin, **select your preferred language** on the top right side of the form and select the appropriate **purchase type**. It is important for us to know if this product was an individual or institutional purchase, so we can appropriately support you or users from your institution.

Once you have selected purchase type, enter the appropriate **contact information** and **serial number/PIN** information.

**NOTE:** The accuracy of the contact information is very important in order to contact you when a claim or repair service request is made.

Next, you will need to type in the **security code** you see displayed on the screen. If you have trouble reading this, you can submit the page to have another code provided.

Finally, complete the **Opt-in** options on the right-side of the screen. The Opt-in options allow you to receive information about **service**

## Vscan Product Activation

To activate your device, please complete the fields below. This information should accurately reflect where the device is primarily located. The Vscan device will require a key for activation and the Vscan gateway software requires a system ID for activation before either can be used. The Vscan key and Vscan gateway software System ID can be retrieved by completing the form and questions below and then pressing Submit.

#### Remember Me

If you use the "remember me" function to stay logged in between visits, we place an identification cookie on your machine with an expiration date of 30 days from the day you last visit. This is included for other purposes than to identify you on your next visit. This cookie contains a unique identifier that is used to match future visits with your account so that you may skip the feature by simply deleting your browser cookies. You may choose not to accept this cookie. You will still be able to use the site, but you will have to provide your details each subsequent visit to the site when activating additional Vscans. To find out more about the cookies we use, see our privacy notice.

*Enter security code shown below:	xewf8e	?

### Language Selection

English

### Opt-In

- I am interested in learning more about Vscan service offerings. By checking "the box", you hereby authorize and give your explicit consent to GE Healthcare to contact you by telephone in the future about GE Healthcare Vscan service offerings. GE Healthcare will use the information you provided during the Vscan product activation process to contact you. You also agree and acknowledge that your personal information collected through use of this site or in connection with the activation of your product may be transferred across national boundaries and processed in any country in which GE Healthcare maintains offices, including the United States.
- I am interested in participating in the Vscan User Group. If you like (or have an ambiguous consent on behalf of a system owner) to be part of the Vscan User Group, as a member of the Vscan User Group, GE Healthcare may contact you about participating in market research opportunities. This includes providing feedback and recommendations that could help shape future Vscan product offerings.

\*Email (owner / contact) peter@123.com ?

### Marketing Opt-In

For all Customers: By completing the form above you are giving your explicit consent to GE Healthcare to collect, process, use, and store your personal data provided through this site or associated with the activation of your product for future marketing purposes. You also hereby authorize GE Healthcare to contact you in the future about GE Healthcare products and services by telephone, email, text, or postal mail. You also agree and acknowledge that your personal data collected through this site or in connection with the activation of your product may be transferred across national boundaries and processed in any country in which GE Healthcare maintains offices, including the United States.

If at any time you no longer desire to receive marketing communications from GE Healthcare, you may opt-out from receiving marketing materials by following the instructions included in each marketing communication.

### Collection Consent

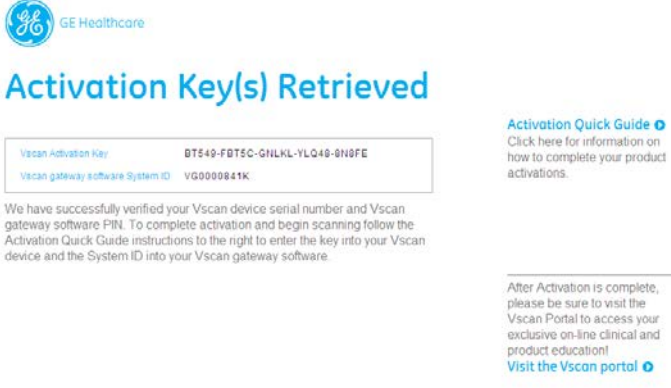

In order to satisfy medical device regulatory requirements, GE Healthcare will retain the provided customer contact and device information to ensure the safety and effectiveness of the product. This may include activities such as product recall, correction, and other possible service actions. GE Healthcare will maintain technical and administrative safeguards to protect the information from unauthorized disclosure. By clicking on the submission button, I consent (or have an ambiguous consent on behalf of the system owner) to GE Healthcare maintaining my information for this purpose.

If you have questions regarding this process, please contact your customer service support center.

NOTE: Distributors activating devices or software on behalf of customers have the responsibility to provide accurate end-customer data according to the requirements of their commercial agreements with GE Healthcare.
