Any deviation from these drawings must be communicated in writing to and reviewed by your local GE Healthcare Installation Project Manager prior to making changes.

Make arrangements for any rigging, special handling, or facility modifications that must be made to deliver the equipment to the installation site. If desired, your local GE Healthcare Installation Project Manager can supply a reference list of rigging contractors.

Provide for refuse removal and disposal (e.g. crates, cartons, packing)

Contact a radiation physicist or consultant to specify radiation containment requirements.

GE Equipment Delivery Requirements

The items on the GE Healthcare Site Readiness Checklist are REQUIRED to facilitate equipment delivery to the IS site. Equipment will not be delivered if these requirements are not satisfied.

* REQUIRED REFERENCE *

Infinia 2 w/Hawkeye 4 Pre Installation Manual

5167775–100

A mandatory component of this drawing set is the GE Healthcare Pre Installation manual. Failure to reference the preIS manual will result in incomplete documentation required for site design and preparation.

Pre Installation documents for GE Healthcare products can be accessed on the web at:

www.gehealthcare.com/siteplanning
FLOOR MOUNTING DETAIL: INFINIA II IMAGING SYSTEM

DETAIL FOR MARKING THE INFINIA SYSTEM WORKING AREA

CAUTION:

The system working area is a "CAUTION AREA" inside which only authorized personnel are permitted access. No unauthorized persons are allowed inside this area.

The floor clearance area should be clearly marked off around the camera to prevent obstacles (e.g., stairs, wheel chairs) from getting too close and colliding with the system during its automatic operation.
No person of any kind may be present within this area during the automatic operation of the system.
