MRi Site Planning

Any deviation from these drawings must be communicated in writing to and reviewed by your local GE Healthcare Installation Project Manager prior to making changes.

Make arrangements for any rigging, special handling, or facility modifications that must be made to deliver the equipment to the installation site. If desired, your local GE Healthcare Installation Project Manager can supply a reference list of rigging contractors.

New construction requires the following:

Provide for refuse removal and disposal (e.g. crates, cartons, packing)

It is the customer’s responsibility to contract a vibration consultant/engineer to implement site design modifications to meet the GE vibration specification. Refer to the system preinstallation manual for the vibration specification.

GE Healthcare Site Readiness Requirements

These sheets are a document set and should not be separated. Electrical information and references are contained on all sheets.

Site Readiness C1

- SITE READINESS
- EQUIPMENT LAYOUT A1
  (Equipment locations, heat loads, component weights, environmental specs)
- STRUCTURAL LAYOUT S1
  (Stainless support mounting locations for floor/wall/ceiling, wall support elevations)
- STRUCTURAL DETAILS S2
  (Floor and Ceiling loading information)
- ELECTRICAL LAYOUT E1
  (Contractor supplied wiring, interconnect methods, junction panel locations and descriptions)
- ELECTRICAL SPECIFICATIONS E2
  (Maximum wire run lengths, interconnect diagram, system power specifications)
- ELECTRICAL DETAILS E3 THRU E4

These equipment IS drawings indicate the placement and interconnect of the listed equipment components. These drawings are not construction or site preparation drawings. Customer remains ultimately responsible for preparing the site to accommodate the IS and operation of such equipment in compliance with GE Healthcare’s written specifications and all applicable federal, state, and/or local requirements.

* REQUIRED REFERENCE *

Signa 1.5T HDx
Pre Installation Manual
5143464

A mandatory component of this drawing set is the GE Healthcare Pre Installation manual. Failure to reference the preIS manual will result in incomplete documentation required for site design and preparation.

Pre Installation documents for GE Healthcare products can be accessed on the web at:
