These equipment installation drawings indicate the placement and interconnection of the listed equipment components. These drawings are not construction or site preparation drawings. Customer remains ultimately responsible for preparing the site to accommodate the installation and operation of such equipment in compliance with GE Healthcare’s written specifications and all applicable federal, state, and/or local requirements.

* REQUIRED REFERENCE *

Innova 2121–3131 Preinstallation Manual 5177951–100

A mandatory component of this drawing set is the GE Healthcare Preinstallation manual. Failure to reference the preinstallation manual will result in incomplete documentation required for site design and preparation.

Preinstallation documents for GE Healthcare products can be accessed on the web at:

http://www.gehealthcare.com/company/docs/siteplanning.html

GE Healthcare

GE Equipment Delivery Requirements

Item 1 through 8 on the GE Healthcare Site Readiness Checklist are REQUIRED to facilitate equipment delivery to the installation site. Equipment will not be delivered if these requirements are not satisfied.

Customer Site Readiness Requirements

- Any deviation from these drawings must be communicated in writing to and reviewed by your local GE Healthcare Installation Project Manager prior to making changes.
- Make arrangements for any rigging, special handling, or facility modifications that must be made to deliver the equipment to the installation site. If desired, your local GE Healthcare Installation Project Manager can supply a reference list of rigging contractors.
- Provide for refuse removal and disposal (e.g. crates, cartons, packing)
- Contact a radiation physicist or consultant to specify radiation containment requirements.

Cardio-Vascular Site Planning

imagination at work
WARNING! THE RELATIONSHIP BETWEEN THE TABLE BASE AND THE POSTTRONER BASEPLATE IS CRITICAL. PRIOR TO DRILLING MOUNTING HOLES, CONTACT LOCAL GE HEALTHCARE INSTALLATION PROJECT MANAGER OR LOCAL FIELD ENGINEER TO VERIFY THAT THE PROPER FULL-SIZE FLOOR MOUNTING TEMPLATE IS USED.

MEDICAL GAS FLOOR EXIT LOCATIONS

Customer/Contractor Alert: It is the responsibility of the Customer or their Contractor to drill all anchor/bolting holes for anchoring the positioner and table to the floor. Refer to GENC document 12260860-2-100 for installation preparation and procedures.
