LOGIQ e X[◇]

Premium, AI-powered console-quality ultrasound in a compact system for anywhere care is delivered*

For MSK and Sports Medicine professionals

LOGIQ[™] e X brings the imaging performance of a console system into a lightweight, laptop-sized ultrasound built for MSK professionals to deliver precise, confident care. With advanced imaging capabilities, AI-powered tools and workflow-enhancing features, LOGIQ e X helps MSK professionals visualize pain sources, guide targeted treatments and monitor recovery. LOGIQ e X empowers clinicians with simplicity, speed and confidence to deliver high-quality care in today's most dynamic environments.

Simple

Easy to learn and operate

Vscan Air[™] probe compatibility: Gives users the flexibility to move around patients without worrying about cables and wires through wireless, dual-sided probes (curved and linear or sector and linear)

Enhanced ergonomics: Features laptop-style portability, dual battery and intuitive control layout for comfortable scanning

Fast

Designed to keep pace with busy environments

Voice Control: Activates system functions using simple voice commands[†] to enhance workflows, reduce keystrokes and support ergonomics

Scan Assistant: Customized scanning program that guides users step by step through exam protocols which can reduce keystrokes and shorten exam time

Confident

Advanced visualization tools and AI-powered features that help support confident care

Speckle Reduction Imaging (SRI) – HD: Enhances visibility of organs and lesions with high-definition contrast resolution that suppresses speckle artifacts while preserving true tissue architecture

Nerveblox[™] : Automatically labels key anatomical landmarks in real-time helping clinicians feel confident and streamlining the workflow with the goal of reducing procedure time

New

MSK Go

Highlights musculoskeletal anatomical structures on acquired ultrasound images to support clinician confidence and help streamline workflow and reduce exam time

More capable. More versatile. More portable.

The LOGIQ e X delivers simplicity, speed and confidence in a compact laptop design.

Large 15.6" screen

New color

Trackball/trackpad options

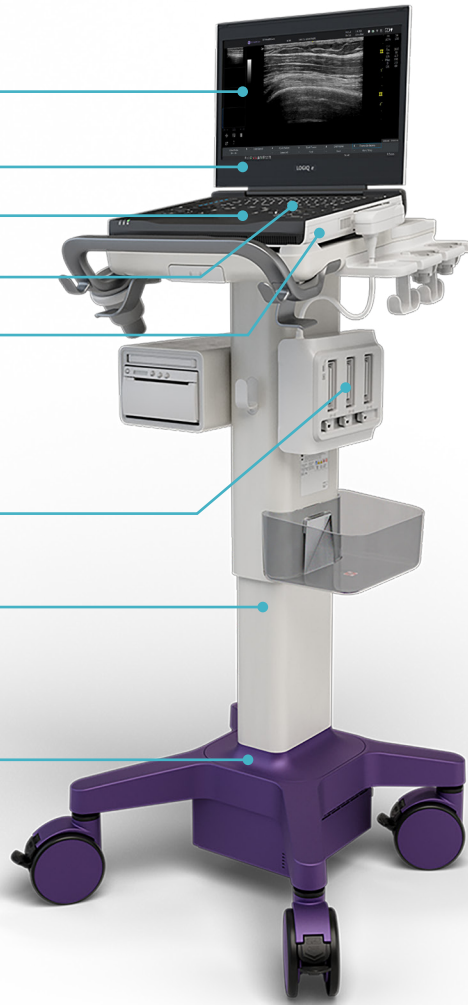

Intuitive control layout

Dual battery

(Up to 90 min. scan time on console;
up to 3.5 hours scan time on cart)

Two-/three-probe
port connector

Cart options

Ideal for:

Orthopedics

Rehabilitation

Sports medicine

Physiotherapy

Compatible probes

Linear array:

L10-22-RS

L8-18i-RS

ML6-15-RS

L4-12t-RS

9L-RS

L6-12-RS

12L-RS

L4-20t-RS

Convex array:

C1-5-RS

C2-9-RS

4C-RS

Microconvex array:

8C-RS

Wireless:

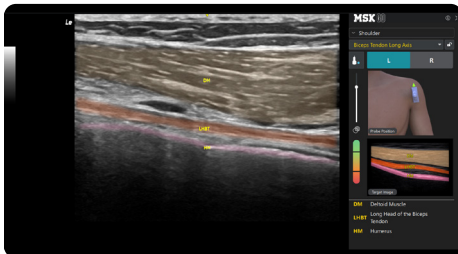

Vscan Air CL (curved/linear)

Vscan Air SL (sector/linear)

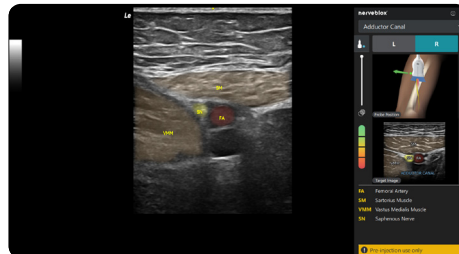

Powered by XDclear™ technology

Clear images. Consistent exams. Confident results.

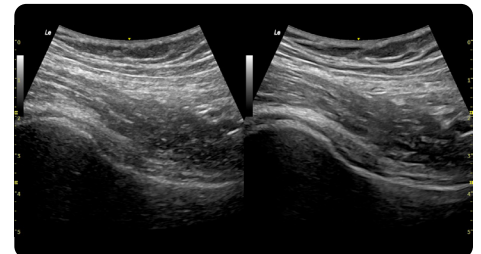

Advanced imaging capabilities deliver exceptional clarity to make informed decisions.
